Last night I dreamed of a mystical galleon,
Drafting silently through the seas of time.
Sails flying in the winds of destruction.
Slowly, peacefully,
Unguided,
She makes her way through the universe.
Majestically reminding all of ancient times
When wind and water ruled the planets.
Gently, she floats,
Searching for the port
Of everlasting divinity

MAN AND THE SEA

The cold wind's fingers whipped out at me,
As I crossed the beach of the haunted sea;
And rain poured down in a monstrous drench,
In its deathless effort to eternally quench
The thirst for evil of the wicked sea.

And on this night, the moon daren't show
Its timid face to its eerie foe, and,
I down here with anger in soul,
Struggling in terror, to live was my goal,
And foil the sea, which I feared so.

Forth I pushed, with all my might,
Till fate allowed me to seize the sight
Of a shelter alee to storm and rain
Carved in the side of a battered terrain,
And soon, I knew, I'd be safe from the night.

I reached the haven, then cried out with glee,
"What match is the sea when it's up against me."
The sea, I thought, is no match for a man
Whose brain is great and greater than
The brute strength of the mindless sea.

And these thoughts came true to me,
Until I saw upon the sea,
Not too far, but rather near,
And to my eye there came a tear,
As I watched a ship's flag disappear.

I am a Sandcastle Builder

I am a sandcastle builder;
I build my castle where the
Tides have gone out to sea.
But I know they'll come back
And wash my love away.
As I watch it slowly crumble
And melt into the angry sea.
I knew it would happen
And it always will.
But for that brief moment,
I know I've built something beautiful;
So beautiful no angry tide can wash away,
And for that brief moment
I've captured it in my mind.
Although it's washed away,
The image of its beauty should
Remain with me . . . . . Forever

THE MATADOR

All was silent with the blaring trumpet sound,
The matador entered and paraded around.
Dressed in a fancy satin suit,
Upon each foot, a black cowhide boot.

His hair was jet black, as the night,
Sturdy set eyes, gleamed in the light.
A sunbaked face and dimpled chin,
Shining white teeth flashed in a wide grin.

The bolt was unlatched releasing the gate
The bull rushed out to meet his fate
The matador swung his cape of red,
Frustrated and angered, the beast charged ahead.

Beads of sweat dotted his face
As the bull ran forward at a faster pace
The crowd held their breath, as the beast lunged at the red,
Catching the matador's silver sword, piercing its monstrous head.

The wounded toro collapsed to die,
The matador let out a relieving sigh.
Now the matador stood in a stallion stance
Over the dead beast, killed with his lance.

They whistled and cheered for the victorious male,
As he cut off the ears and waved the tail.

THE PARK

No voice broke the quiet of night
That lurked throughout the park.
No laughter killed its loneliness while
It brooded in the dark.
No feet tickled its grass covered chest,
For no one would come to share their joys,
Though everywhere else was filled with noise.

For Eternity

The waves washed over the beach
in soft caressing gestures,
Seagulls their mournful cry gave.
It did fill my soul with innerpeace.

Sand warm beneath my feet,

The sun a blazing ball of fire, - -
All these things I did hope,
Man would never lose.

Death

I am feared throughout this world, it's true
By young and old, by rich, by poor.

I come among you all, in time
And call you to my side.

Some struggle, or cryout, or demand to stay here
Others come slowly or willingly but all do come, it's sure.

You teach your young to fear me from birth
Yet to meet me is inevitable. None can stop my coming.

No one can escape me when I cry out the names
Of those who come next; don't tarry, be brave.

I am endless, I am omnipresent.
I do not wait for time for I am infinite.

'I' always win!
I am death.

Dreams

Being lost in a world of dreams
Is my way of life.

Is one's life not one's dreams?
Is it such a crime to not be willing to face up to reality?

Or is reality someone's dreams of what today is supposed to be
And not your own?

Are we to put our dreams up against else's and say whose are better?
Or listen to each others and see if they can coincide?

Is this poem a dream?
Yes, I think so.

RACHEL

Rachel, Rachel, you're just a girl in disguise
With your painted lips and coloured eyes
Skin so fair and done up hair
Your dimestore perfume fills the air

Your extravagant clothes and high heeled shoes
That dance all night to rhythmic blues

Wake up, wake up, it's time to realize

You've been playing pretend much too long,
Come back to the world where you really belong.

THE CHILD OF THE FOREST

I'd like to live
in a deep, green forest,
Alone
with my thoughts
and heartbreaks.
A shy deer
would eye me cautiously
from behind His bush.
Safety . . . . .
my lack of it
Comfort . . .
my hope for it
Love . . . . . .
my need for it
Insecurity . . . .

Sun setting through the trees.
Patches of grass,
Rolling down leafy hills
like a book.
Laughing and playing
Like I was
once young,
Carefree.
The earth grows old
and suffers through change.
Nature is beautiful.
To live, without
Responsibility.
Sunshine, waking to
A beautiful day.

Child of the Forest
with a love for the nature
which encloses her.
Friends,
within herself,
Lonely,
but what's loneliness when
You've never known company
except the Animals,
and sunshine,
and trees,
and Nature is beautiful.

Sing a song of nature
And the most beautiful song written
is Yours.
She sings
and plays her Guitar
(the only unnatural thing in her forest)
and the Child of the Forest
is sad.

Look up through the trees
Into the setting red sun,
A magic crystal ball.
Reflection of mankind -
hot, blinding,
unpredictable Man.
Temper.
A song
Sung without words,
without music.
Never ending lyrics that have not been written,
The Child of the Forest
Sings.
Happiness . . . . .
a state of satisfaction.

Darkness falls on the forest,
and sleep induces itself on
Nature.
the Owls cry,
And in the sadness of the night,
the Child of the Forest
faces Reality.

ELYSIAN FIELDS

She knelt in the lush green meadow. She bent towards one of Nature's sunny growing bouquets, closed her eyes, and breathed deep of its fragrant perfume.

She rose then, and ran to the green hill. Turning, she glanced toward the far horizon to glimpse the fading sun, casting its bright orange hue upon ethereal flowers' petals. She sat, gazing at the disappearing sun, her dark cascading hair moving with the breeze. Now she saw the last rays . . . now she saw no more – it was gone.

She lay back on green carpet, and slept.

WINDSWEPT

You arrived that day as only a breeze
Teasing and taunting the willows
Over the fields and meadows you flew
Over dreamers on soft fleecy pillows.

Softly you sang to the grass and the trees
Making them dance to your song.
And slowly they turned, as you swayed to and fro
Sweeping them gracefully along.

You lifted the spirits of all that you touched.
You tickled the clouds till they cried.
You animated daisies and bluebells alike.
And gave life to the leaves that had died.

And you laughed in my face, a slow gentle laugh
As you caught me in perennial rapture.
And I'll dance on and on, as you stir round and round.
I am windswept and you are my captor.

Awakening

Shadowed morning through the dust
on leaded pastel glass.
The cold oak floor.
Screaming naked feet pad across
to sit upon the window --
I hold the new born sun.
The damp earth air reaches
my lips to taste of spring time.
I close my eyes as --
the wind dances in my hair.
Shadowed morning through the dust
on leaded pastel glass.

Peacefully,

reflects

mysterious movements, sounds . . .

the glory of beings on Earth

Mr. J. D. Lorimer, Principal

Victoria High School has now completed 99 years of service to the residents of Victoria and the surrounding municipalities. This 99th year has been a difficult one in some respects, but in so many other ways it has been a highly successful one. I know that the whole school joins me in congratulating the "Tigers" for bringing to Vic High for the first time the B.C. Girls' Basketball Championship.

Over the past few years there has been a marked change in the format used in the Camosun. Once again our editors have produced a publication that is unique in its style and in its photography. My congratulations go to all members of the editorial staff for this year's outstanding production.

At this time we naturally think of our Graduating Class, Victoria High School's 99th Class. To you go our good wishes. Go forward into the future with enthusiasm for "nothing great was ever achieved without enthusiasm."

Duncan Lorimer

Mr. H. Runer,
Assistant to the Principal

Several years of teaching on the Victoria High staff have given me the opportunity to observe the progression of students through the school. The last few years have seen many changes in the concept of education. Courses now are geared to the development of the individual. With students having more freedom than ever to choose their courses, we should see more progress in the development of individuals. Let's hope though, that while we develop our individuality, we should at all times realize we are part of a complex democratic society. Let us not regard our individual development as an excuse to ignore the needs and help of our fellow man.

On behalf of the students and myself many thanks to the Camosun staff for recording the year's events which we can enjoy reading in future years.

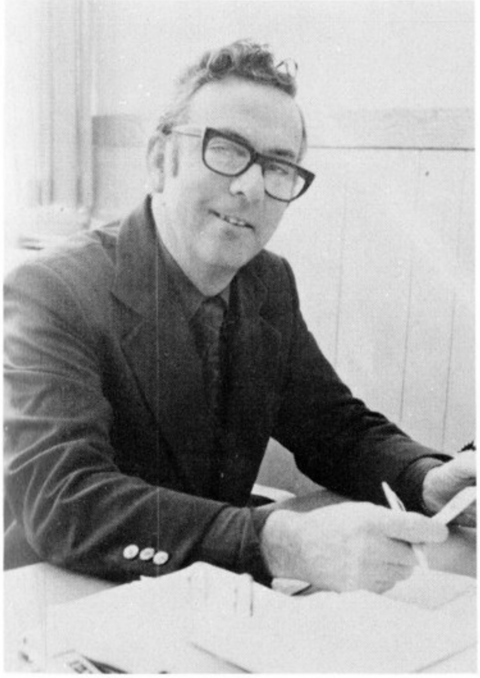
the sound of bells . . .



Mr. R. H. Reid, Vice Principal

On the eve of our centennial year we should reflect on what has contributed to the uniqueness of Victoria High School. Certainly the architectural design of our building is distinctive. But more than that, surely the philosophy of the school, which has as its core a concern for the individual, is what lies behind much of the tradition that is Vic High. The warmth and rapport between staff and students evolves from a concern for the integritys of the individual regardless of ability, or colour or creed.

May this sensitivity toward one another be in the hearts and minds of all who come together in our centennial year and the years that follow.

Congratulations to the annual staff for another excellent yearbook; and to the graduates, best wishes to go with you as you leave our side, but not our memory

Parliament Works Hard This Year

I'm sure every student graduating this year feels a bit weary about life to come but as you read this years from now you'll probably wonder, "Those were the best years of my life; why was I even worried?"

This year brought about a lot of confusion and yet something in Vic High's spirit seems to straighten everything out for us (except the C.U.P.E. strike). I feel the strike really taught us a couple of lessons and with such a mid-term break one had more time to meditate and locate oneself in society.

I leave to the secretaries, my best sarcasm. To the principals; my telephone bill. To the teachers, my (humhum) release slips. To the janitors, the cabinet wastebasket (full), and the students, the stage microphone – "may I never use it again".

Best Wishes in Years to Come,

Douglas J Benedict

Vic High To Elect New PM

A new student prime minister will be elected Thursday at Victoria senior secondary school in the first mid-term student election since 1967.

Vic High's student parliament brought down the government last week by defeating the prime minister, Doug Benedict, and his cabinet on a money bill.

Members of the student parliament (MSPs), who represent home rooms in the school, will choose one of three prime ministerial candidates Thursday at noon after consulting their constituents.

Candidates are Benedict, John Faucett and Celia McArthur, all Grade 12 students.

The student parliament has a $6,000 to $9,000 budget each year and oversees a variety of sports and social activities, said teacher Ron Wickstrom, who acts as governor-general.

Last time a student prime minister and his cabinet were defeated in mid-term was in 1967, Wickstrom said.

Well, for the grade twelves it is finally over. Twelve years is a large portion of anyone's life and most of us heave a sigh of relief now that it is over, but few of us are as happy about finishing school as we once thought we would be. School has become a way of life, a way of life which we perhaps are only beginning to appreciate now that we are leaving. We have learnt much more from school than facts and figures. We have made friends and have shared happy and sad moments with others. We have all had our ups and downs, but in spite of our problems at school, we have emerged better people from the experience. The graduates are at a high point in their lives, but as in everything else, the fun is getting there. Before us lies the challenge of life and society. Perhaps our learning has only just begun. Society is certainly not all good but it is not all bad, either. Let us learn from the experience of living and try to emerge as better citizens. Remember what you have learnt from school and try to change society for the better instead of letting the pressures of life and society change you.

I would like to take this opportunity to thank all those people who have worked this year to make school a better place for all. I would especially like to thank the Cabinets, the Speaker of the House, Dave Cox, and the Governor General, Mr. Wickstrom, all of whom have given much time and effort to help Vic High.

To the under graduates who have one or two years remaining at school. "Work hard and try to use your time wisely for time goes all too quickly."

To everybody, good luck in the future. I hope that our paths will cross again.

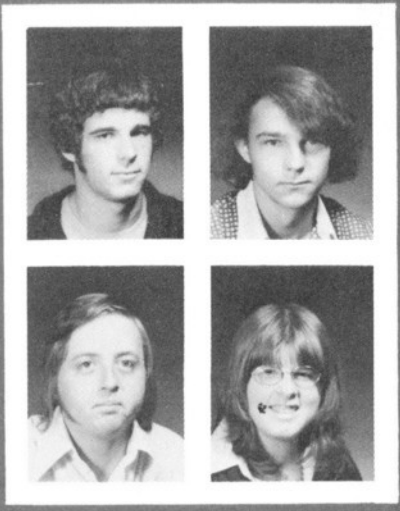
division 1

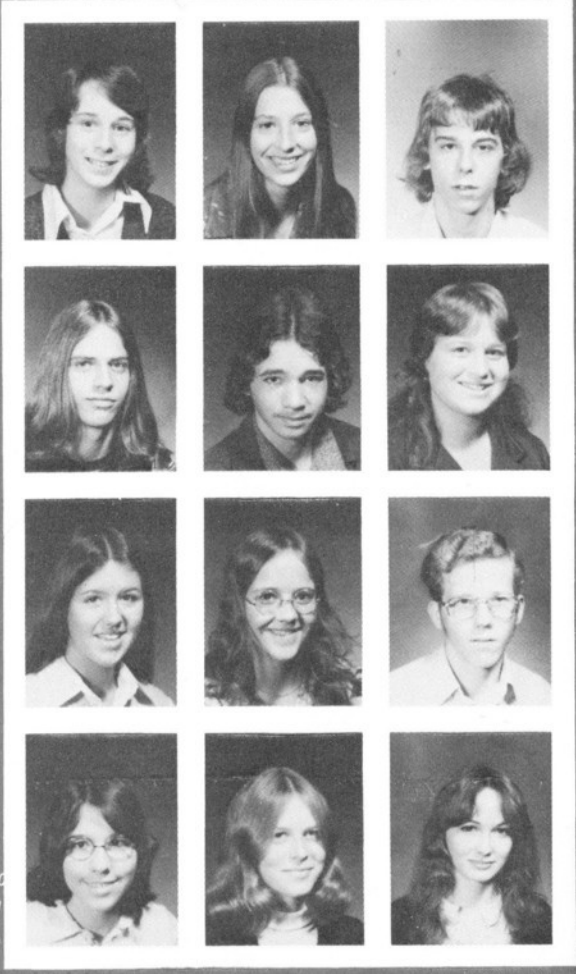


Brian Abbot: "Abner" didn't tell us much, but we gather he's an enthusiastic karate expert who scuba dives and runs around on football fields in his spare time.

Pat Barber: This guy is very cooperative. If you don't find him cooperating, you may find him playing pool or swimming in one.

Jim Bridger: J.B. says that just being J.B. makes him different (we can understand that). Jim's pet peeve is filling out Grad Questionaires and finding a parking place when he's late. His main interest is K.B. His hobby is sports car racing and his ambition is to sail his sailboat.

Laurie Chambers: What makes "Lolly" different are her 12 horses and a girl named Jamie (?). Her favorite expression is "Thrillsville", and her pet peeve is cruelty to animals. Laurie's hobbies are embroidery, riding, and collecting records. Her main ambition is to become an artist.



Nancy Clark: Did you know "Nark" had three arms? Her pet peeve is people reading over her shoulder and her main interest is the 3:15 bell. Nancy's activities include acting, reading, playing the guitar, nail biting, and perfecting her frisbee throw (that's certainly different).

Cathy Crothall: "Gunner's" sense of humour makes her different. Her main interest is a certain guy and her activities are hush, hush (must be that certain guy again). Cathy's hobbies are art, drama, and sewing, while her ambition is to travel.

Dan Deveson: Dan can be seen driving his Volkswagon to wild parties on Fort St. at night and his car can still be found there in the morning (Dan obviously knows the right people). Keep up the good work, Dan!

Angus Godfrey: Here's another one of our super enthusiastic "Vic Highers" (Angus left in the fall). He doesn't know what he's missing.

Gordon Hebden: "G" hates getting up in the morning and is interested in sports – namely hockey. What else is there to say? Whatever it is - - Gordon didn't say it on his questionaire.

Brenda Huson: What makes "Ducky" different is she spends her life in the Home Ec. Department. Her favorite expression is "Far Out" and her pet peeve is Y.P. Her hobbies include swimming, horseback riding, and learning how to play pool. Brenda's ambition is to get rich the easy way (which way is that, Brenda?).

Kathleen Jinks: What makes Kathleen different is her honesty and her height (we never would have guessed). Her interests include bowling bets, the Camosun, and her friends. She can be found either screaming "You Boob!" at any one of a certain group of people or demolishing houses with her car. Her ambition is to go to university, get married, and get rich.

Darlene Kehn: "Motormouth" doesn't like people who think they are cool when they're not. Her only interests seem to be sleeping and traveling – how can you do both?

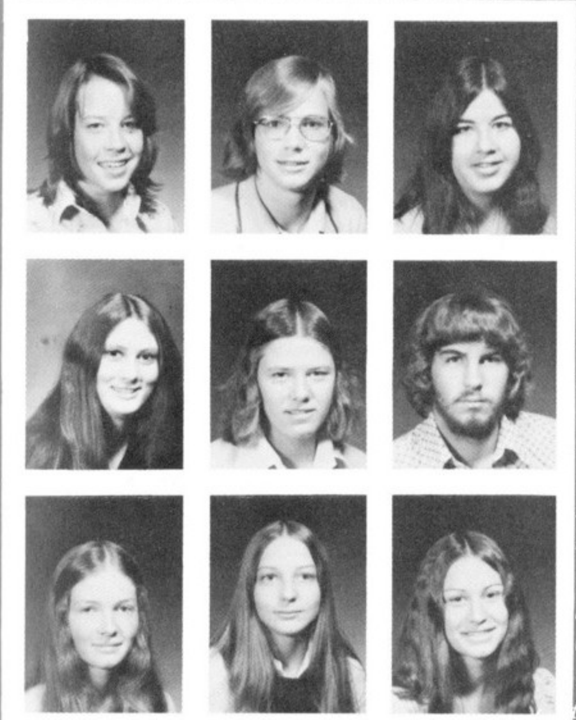
Fred Kremmer: Fred is another one of those people who didn't fill out his questionaire, but the Camosun Staff managed to find out that his hobbies are carpentry and gardening. Perhaps that is why one day he hopes to be a carpenter.

Susan Laycock: The thing that makes Sue different is her runners. Her favorite expression is "n way", and her pet peeve is homework. Her activities are the Camosun, badminton, Prefects, and listening to music. Her ambition (you will never believe this) is to collect her old age pension when she gets out of school.

Lydia Lissowski: "Goof" says she acts weird (and that makes her different?). Her pet peeve and her main interest is Gerrit – you have a problem there, Lydia. She sews, swims, hikes, and is a member of the Sears Teen Council.

Corinne MacKenzie: Cori is a member of the "3T's"? ? (you tell us). Her favorite expression is "get real", and her hobbies are bike riding, boating, horseback riding, and helping people. She wants to live a fulfilled life, travel around Europe, and meet some snappy looking males.

Moe McAllister: When Moe was going to Vic High she was an avid sports participant and a member of the Band. It's too bad she left us so soon.



West Mundy: West's main interest is in members of the fairer sex with enticing accessories (well put, West). His pet peeve is Roxy music, and his hobbies are sports, music, and writing. His ambition is to go to UVic and become a filthyrich lawyer.

Lisa Noble: According to "Love", she arrives at school about the time everyone else is leaving. Her main interest is guys, especially a certain soccer player (ho, ho!). Lisa's hobbies include Highland Dancing, skating, and poetry writing, and her ambition is to become Canada's richest and most famous journalist.

Michelle Paris: Michelle left Vic High around the middle of the year, but people remember her as a really nice person who got along well with people.

Patti Pesklevits: "P" can't stand being called a female jock, even though she's on both the Tikis and the Tigers. She's constantly saying she's sorry (possibly it has something to do with her height.)

Gary Prior: "Wolfman" says he's quiet and doesn't talk much — that sure makes him different. His main interest is drafting, but he does a lot of bowling. He likes to drive and meet new people. Gary's ambition is to work his way across Canada and to buy a car.

Claudia Rawlings: According to "Klutz", her blushing makes her different. Claudia's pet peeve is sitting in gas stations and her main interest is her boyfriend. Driving (watch out!) and water skiing are her main hobbies and her ambition is to make lots of money and travel.

Frances Schauerte: If it weren't for Frances, a lot of things wouldn't get done around here. Her main interest and activities include Parliament, cheerleading, A.B.C., curling, and a certain P.M. (I wonder who!). Frances just likes being herself and one day she hopes to get to Switzerland.

Diane Simmons: Diane says she's the only person (she hopes), who is engaged to Paul. She has a touching ambition to make people happy. Good luck, Diane, we hope you succeed.

Vic High's activities got off to a traditional start this year with Prime Ministerial elections held in the 3rd week of September. In October, last year's Grads came back and paid the school a visit during Homecoming Week. This ended with the annual Homecoming Dance at which Holy Smoke played. The Decorations Club worked hard right up to the last minute getting the Old Gym into shape for this dance, as they did for the highly successful Christmas Dance.

"You in the back . . . where's the harmony??"

December was a month of candy-canes, Carols & Christmas capers, which started out with the decorating of the halls. The annual Christmas Hamper Drive was, as usual, a great success thanks to the many contributions of the staff and students. Christmas exams couldn't dampen the spirits of the students who displayed much enthusiasm on Red and Green Day by joining with the band in the singing of Carols.

A momento from Vic High.

In February we were paid a visit by the Doukhobor Choir from Castlegar. They were given a warm reception by the students of Vic High and everyone enjoyed their fine singing. On Valentine's Day the Mr. Irresistible contest was held despite the Parliamentary crisis. That evening, two couples from our school participated in a Dance Marathon. Doug and Frances lasted out the entire 24 hours, while Richard and Leslie dropped out with only a couple of hours to go. Later in the month, the decaying Old Gym floor was torn up and a new one was started. However, construction ceased temporarily as a result of the CUPE strike.

Passages through time.

At the end of February, Greater Victoria Schools were surprised by the striking of the janitors. Once again, we reverted to makeshift school days and cold classrooms. A serious result of the strike was the curtailing of extra curricular activities, and, as well, cold feet.

Individuals can unite to share those special interests that bring new meanings, new goals, and new friends.

Vic High's sports year was one of the most successful years ever. Vic High placed among the top in every field. The boy's volleyball team placed second in B.C. along with the girls A Volleyball, while the girls B Volleyball placed first in their league. The girls field hockey team did well as did the boys soccer team, third in their league, and the rugby team, also third. While boys Basketball placed fifth in the Island Tournament, the highlight of the year was when the girls basketball team proudly brought home first place in B.C.

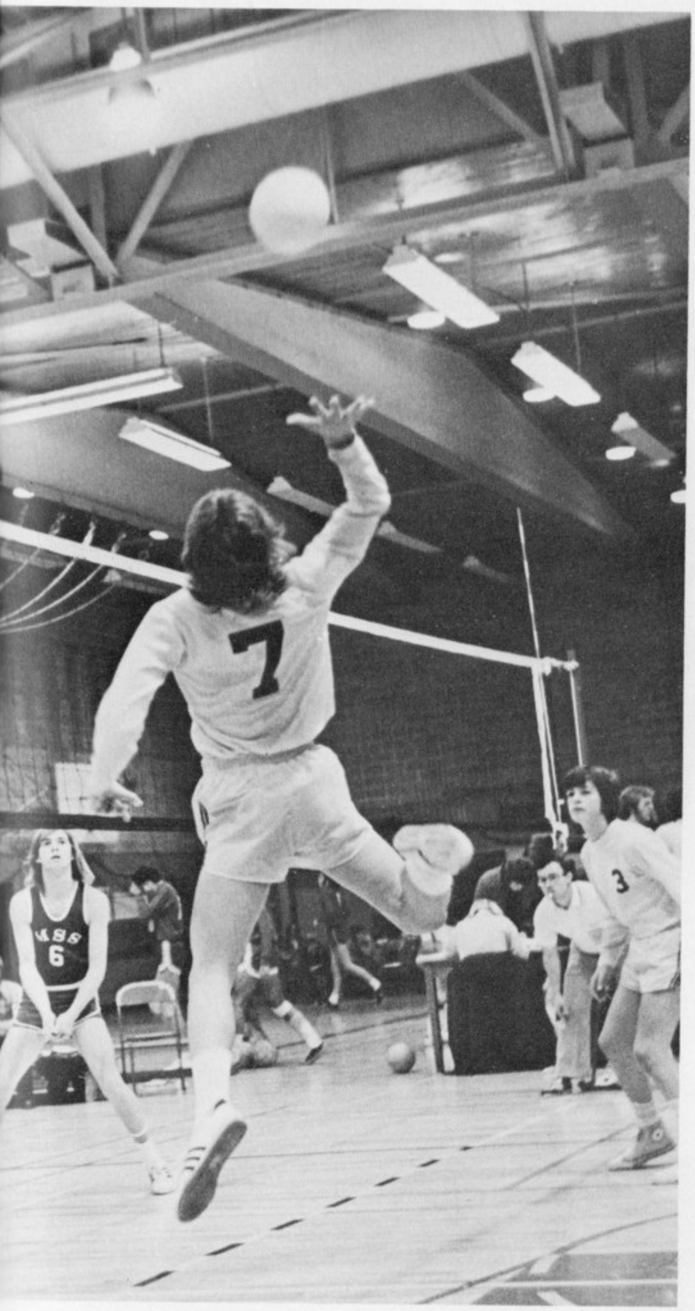
Tikis Place First in the Island Tourney

This year's team was undefeated in all league games which lasted from September to the end of November. They entered in various competitions, placing first in both the Lake Cowichan Cross-Island Tourney and the Island Tournament and third in the Courtenay Tourney. In November, the Tikis hosted a tournament involving two other Victoria teams and a girls team from Punahou, Honolulu, Hawaii. The Tikis came second with Punahou at the top. The season was very successful filled with many exciting games.

Tsasquatches Walk Away With Silver Medal

Top L-R: *Mr. McCarron, Dean Jordan, Randy Vincent, Lawrence Lee, Roger Racine, Keith Shields, (coach).*
Bottom: *Rick Crosby, Brent MacArthur, Ken Wiens, Bob McKeachie, Tom Kover, Fred Dobbs.*



Tsasquatches had a tremendous year coached by Keith Shields who led the squad to an 8 win – 0 loss record in league play. The boys placed second in both the Reynolds and the Courtenay Tournaments. The Tsasquatches took third spot on the Island before advancing to the B.C.'s. There, the team surprised everyone as they gained second place after many splendid games. In the quarter-finals Vic High was the only Victoria team remaining. They dropped Prince George, while in the semi's the boys lost their first game to highly ranked Vernon. However, our squad kept their poise and came back to upset the Vernon team. Only minutes later defending champion, Revelstoke attacked the Tsasquatches, and for the first time in several years our team walked away with silver medals.

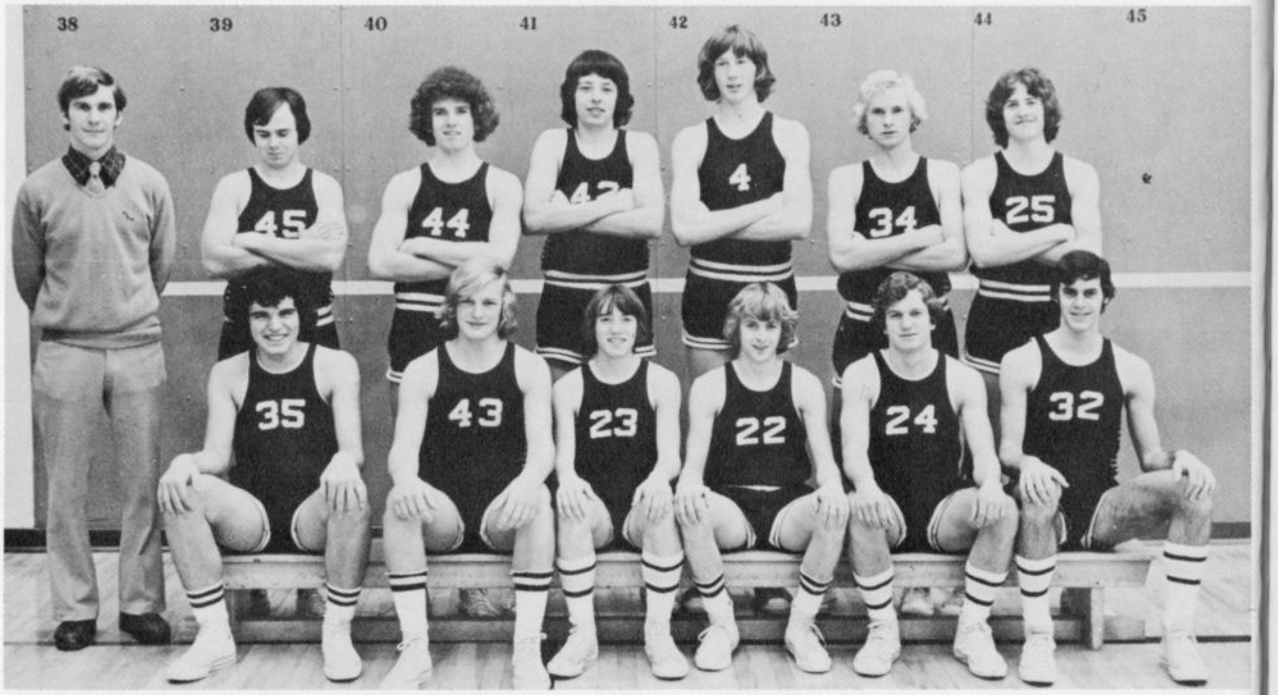
"B" Volleyballers No. 1 in League

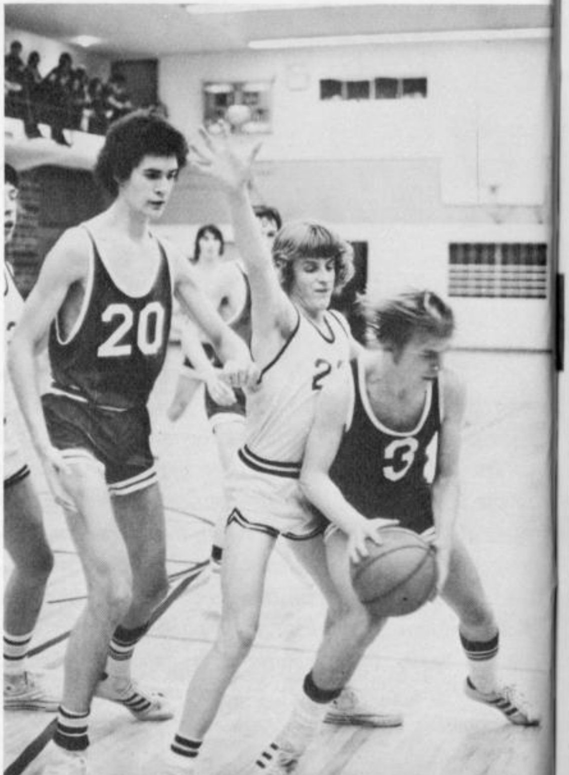
Playing to the end of October, the team came first in their league, winning all games from the start of the school year. In addition, the team placed first in the tournament held by Claremont. During the season, the group played many times without the coach, coming through on top.

Totems Work Hard to Place Second in League Play

With nine players returning from last years Totems, this years team expected to do well. Almost from the start, Vic High was one of the top ten teams in B.C. for the first time in several years. They placed 2nd in League play and 3rd in the Lower Island Tournament. They placed 5th in the Island Tournament and unfortunately didn't make it to the B.C. Tournament, a disappointment to the team who worked hard, and the fans who supported the team throughout the season.

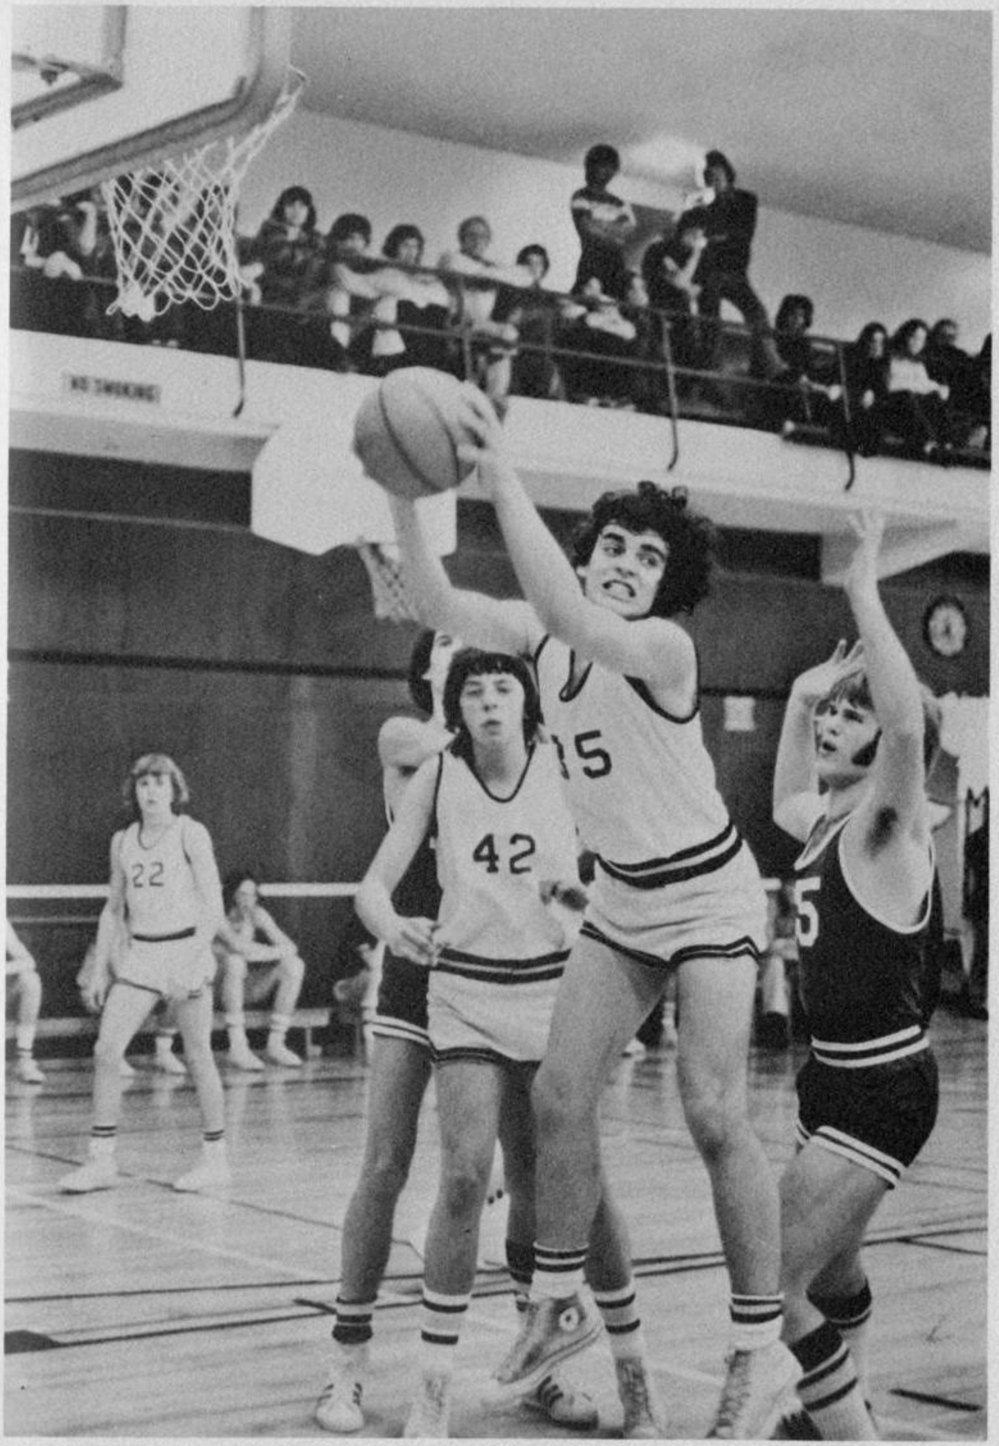
Standing: Mr. Valdal, Charlie Davis, Richard Griffin, Richard Pyatt, Forrest Partington, Doug Callbeck, Ken Wiens, Sitting: Tony Carlson, Dan Lissowski, Dean Norris-Jones, Pete Cavin, Tim Lampard, Rod McKinnon (Manager: West Mundy)

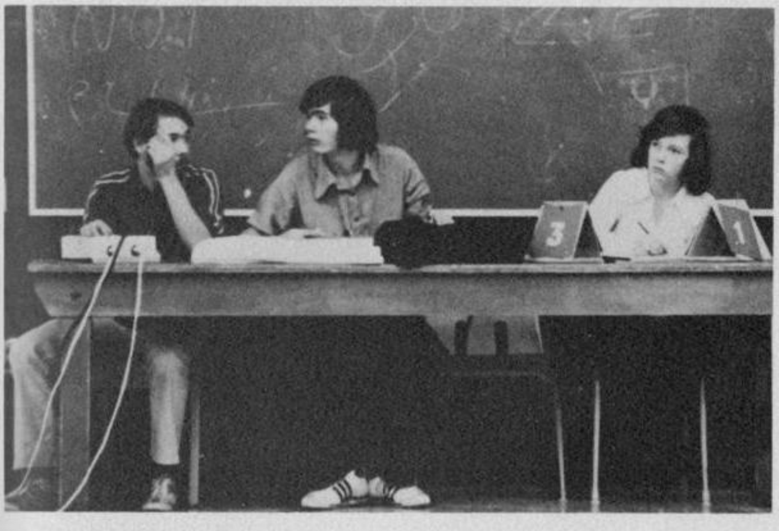




Cheerleaders

The cheerleaders attended many games this year and successfully boosted the teams and the school spirit of the crowds.



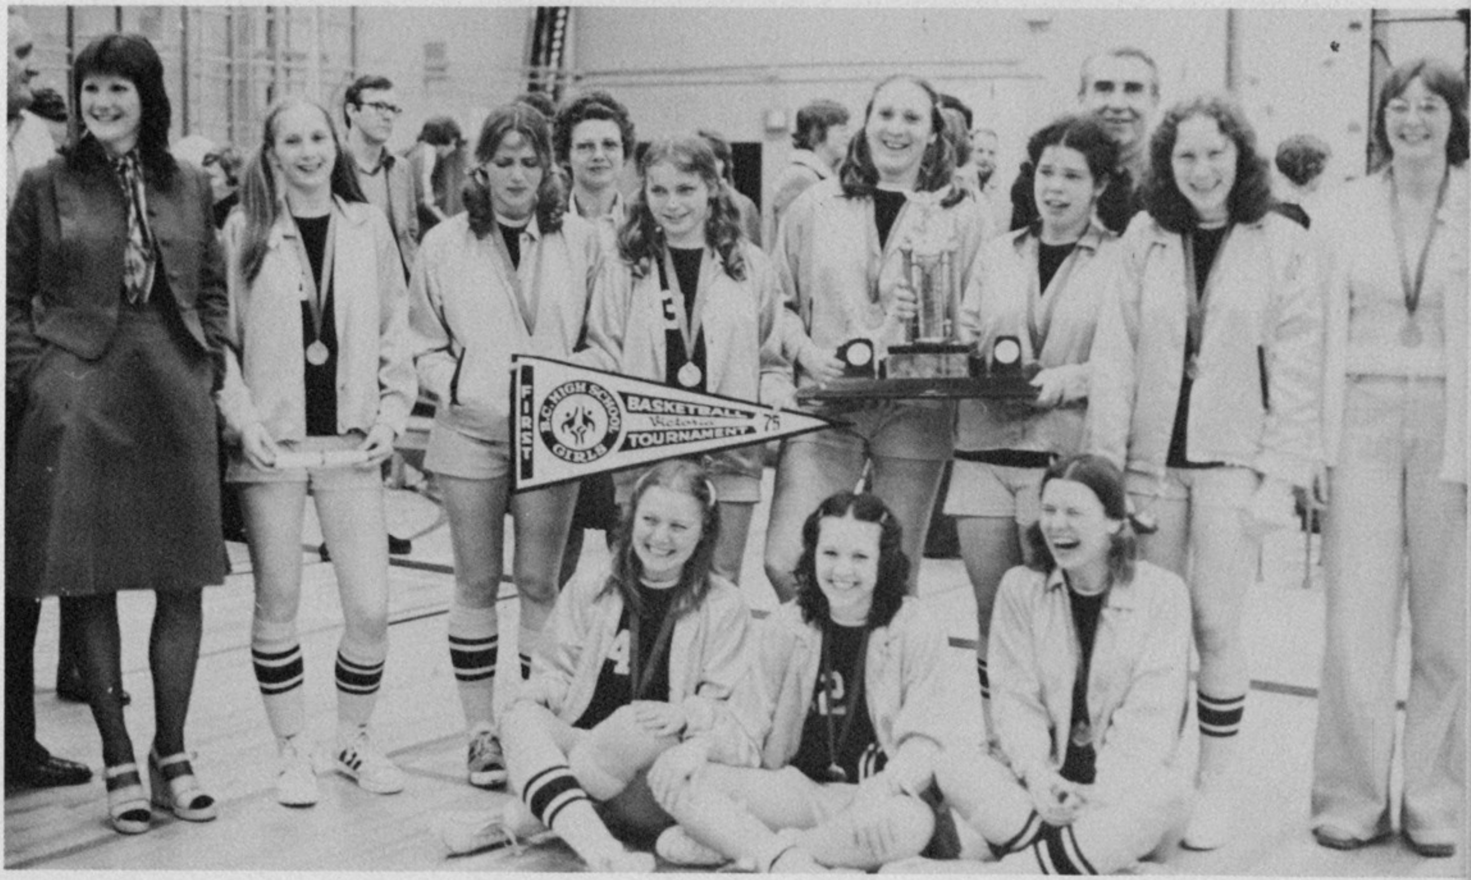


Timers and Scorers

This small group of students timed and scored at the boys Island Championship, the Girls Island and B.C. Championship and at the Totems and Tigers home games. It was not a club but a service to the school out of the goodness of their hearts.

Year of the Tigers

From the very start of the season, the Vic High Tigers showed their determination to make the finals. The players worked hard as a team, and individually, Leslie and Shelley Godfrey lead the scoring. The defence was one of the best in the League and the team finished the regular season with an 11 – 0 record, winning 10 of those games by more than 20 points. The Tigers placed among the top in all tournaments, won the B.C.'s, and became the pride of the Vic High fans.



Standing L-R: Kathy Weich, manager, Karen Sauter, Margaret Barber, Miss Hanslip, coach, Mary Jane MacKereth, Shelley Godfrey, Cathy Flynn, Mr. "Porky" Andrews, Leslie Godfrey, Val Waller.

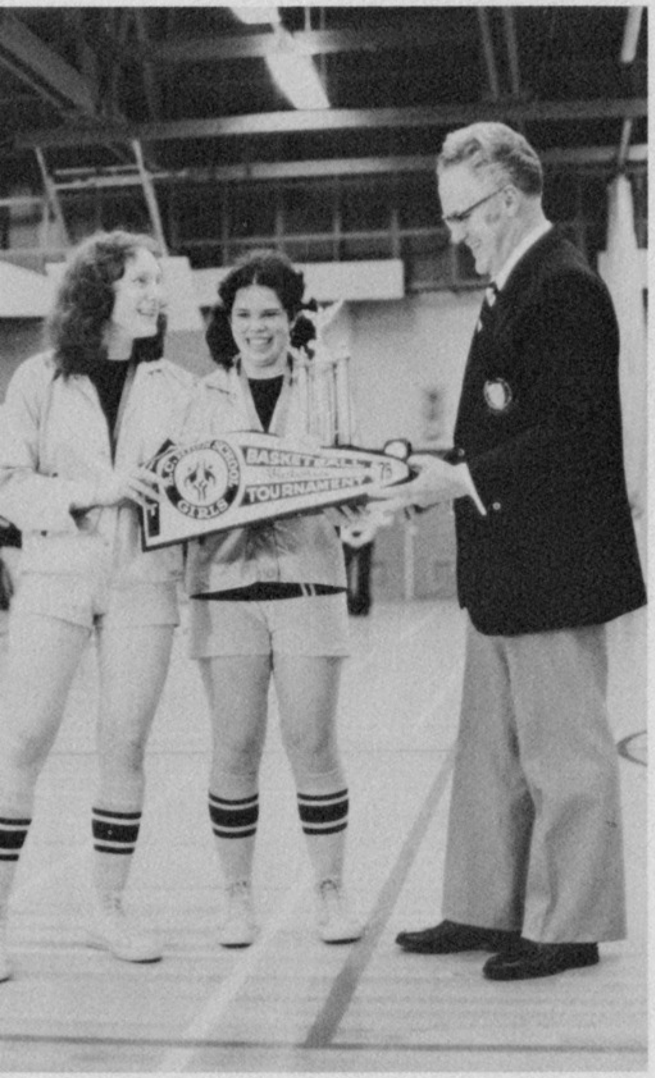
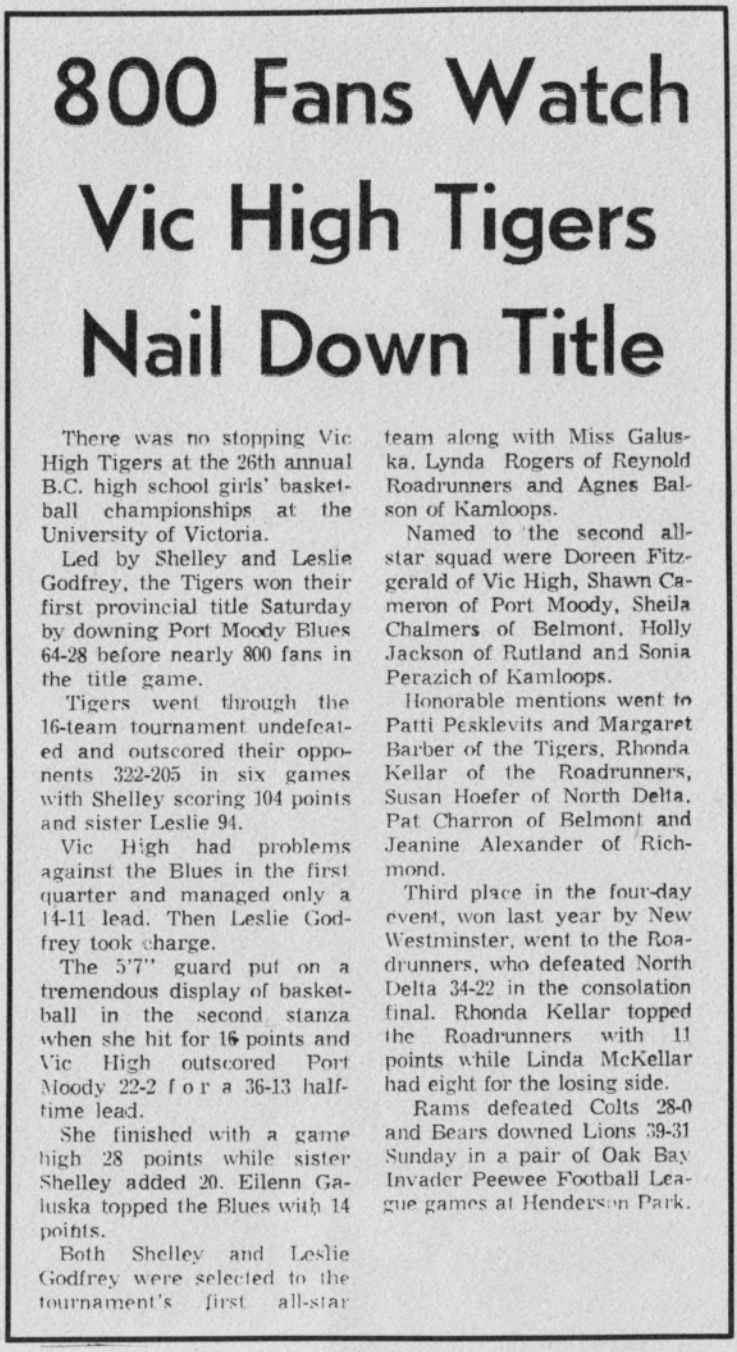
Tiggers

The Girls "B" basketball team played mostly for fun, with practices whenever they could get the gym. The first two games were played without practices and they won both. The Tiggers were a little-known team in the school, but were first in their League and many of the players hope to make next year's "A" team.

Vic High Tigers never left the issue in doubt





800 Fans Watch Vic High Tigers Nail Down Title

There was no stopping Vic High Tigers at the 26th annual B.C. high school girls' basketball championships at the University of Victoria.

Led by Shelley and Leslie Godfrey, the Tigers won their first provincial title Saturday by downing Port Moody Blues 64-28 before nearly 800 fans in the title game.

Tigers went through the 16-team tournament undefeated and outscored their opponents 322-205 in six games with Shelley scoring 104 points and sister Leslie 94.

Vic High had problems against the Blues in the first quarter and managed only a 14-11 lead. Then Leslie Godfrey took charge.

The 5'7" guard put on a tremendous display of basketball in the second stanza when she hit for 16 points and Vic High outscored Port Moody 22-2 for a 36-13 halftime lead.

She finished with a game high 28 points while sister Shelley added 20. Eilenn Galuska topped the Blues with 14 points.

Both Shelley and Leslie Godfrey were selected to the tournament's first all-star team along with Miss Galuska, Lynda Rogers of Reynold Roadrunners and Agnes Balson of Kamloops.

Named to the second all-star squad were Doreen Fitzgerald of Vic High, Shawn Cameron of Port Moody, Sheila Chalmers of Belmont, Holly Jackson of Rutland and Sonia Perazich of Kamloops.

Honorable mentions went to Patti Pesklevits and Margaret Barber of the Tigers, Rhonda Kellar of the Roadrunners, Susan Hoefer of North Delta, Pat Charron of Belmont and Jeanine Alexander of Richmond.

Third place in the four-day event, won last year by New Westminster, went to the Roadrunners, who defeated North Delta 34-22 in the consolation final. Rhonda Kellar topped the Roadrunners with 11 points while Linda McKellar had eight for the losing side.

Rams defeated Colts 28-0 and Bears downed Lions 39-31 Sunday in a pair of Oak Bay Invader Peewee Football League games at Henderson Park.

Tomahawks Really Play the Game

"It's grasshockey ladies, not rugby!"

During the second week of September to the first weekend of November, our field hockey team really played the game. Along with Oak Bay and Mt. Douglas we hosted Okanagan teams from Kelowna, Salmon Arm, and Rutland on the Thanksgiving weekend. This was in return for the tour we made into the Okanagan the previous Thanksgiving.

Our girls made a super fine effort and as a result, Vic High gained fourth place in the Island Tournament.

Tyettes

The members of the Girl's Soccer Team were very enthusiastic during all the practices, but unfortunately the strike hampered the league. Since most of the girls were in Grade 11, they should be great next year when they plan to have an inter-school league.

Tyee's Year Big Success

This year the boy's soccer team has been a success. Approximately 20 people turned up on clubs day. The club tied for second place in league play but lost in a special playoff to Spectrum. Ron McGovern's fine individual effort placed him second in the league scoring.

Hard-Fought Battles head to Third Place for Titans

The Titans placed third in their division after losing a close and hard-fought battle for second place and a play-off position to Esquimalt.

When success is properly measured with potential, this year's team most certainly was a success. Our Titans defeated teams who, supposedly, had more talent. They worked their way up into third place and almost into second. It required a great deal of dedication and those players who stuck with it demonstrated a great deal of character.

We look forward to next year and the return of skillfull regulars. Our best wishes go to the graduating Titans and we hope that you stay with the game and be a supporter of future Titan squads.

Participation in Cross-country

The turnout for cross-country this year was good, consisting of 14 people. The boy's team won 6th place in the island meet, and the girls were 5th. In cross-country, participation is the only goal, to have run last or first is better than to have not run at all. Dave Cox won a bronze medal at the B.C. High School Cross-Country meet at White Rock.

Cross country photos courtesy K. Newell Photography.

Successful Year For Curlers

This year's club of 36 members, played once a week at the Victoria Curling Club as well as almost every weekend in da Bonspiel. The members travelled a lot to other island areas and a few times they travelled to the mainland. The boys team won the South Island High School Boys Bonspiel and came second in Boy Junior Curling and Vancouver Island Jr. Boys-Canada Olympic Reps. The boys were the Island Champions of 1974 and represented Vic High in the provincial finals in Nelson, B.C. The girl's team curled very well on the island. On the whole all teams competed successfully and turned out many fine matches.

Body-builders Unite

Body-building offers extensive use of weight room facilities to those interested in using them. This club has been in operation for 13 years and will continue running as long as there is participation. It is unfortunate that more students don't take advantage of these facilities.

New Club for Ski Buffs

This was the first year for the Ski Club who made occasional weekend trips during the year. It was a very informal group, sponsored by Vic High's Pro Skier, Mr. Blasner.

Fantastic Turnout in Vic High's Bowling League

The recently formed Bowling club had a fantastic turnout of about 40 members this year. In teams of three they competed every other Thursday at Mayfair Lanes at reduced rates. Unfortunately, the money they saved from bowling with the league was sometimes lost in secret bets made with the sponsor Mr. Chan.

Recreation and Competition in Badminton

This season approximately 140 enthusiastic students signed during Clubs Day. The club has about 30 active members, with approximately 15 team members. The season resulted in the participation in the Regional Tournament and City Play. The club has been a true success this season and will continue practice for recreation and competition.

Participation in Table Tennis

The Table Tennis Club met during noon hours, improving their skills by competing among themselves. The players participated with interest and enjoyment while progressing throughout the year.

Calamity Players Bring Entertainment

Every year for the past 21 years, the Calamity Players has performed at least three or four skits plus the Circus Variety Shows in the spring. All skits are written by the members and they help to make the mornings go down just a little bit easier. The enthusiasm of the group comes out in the plays and everybody has a good time.

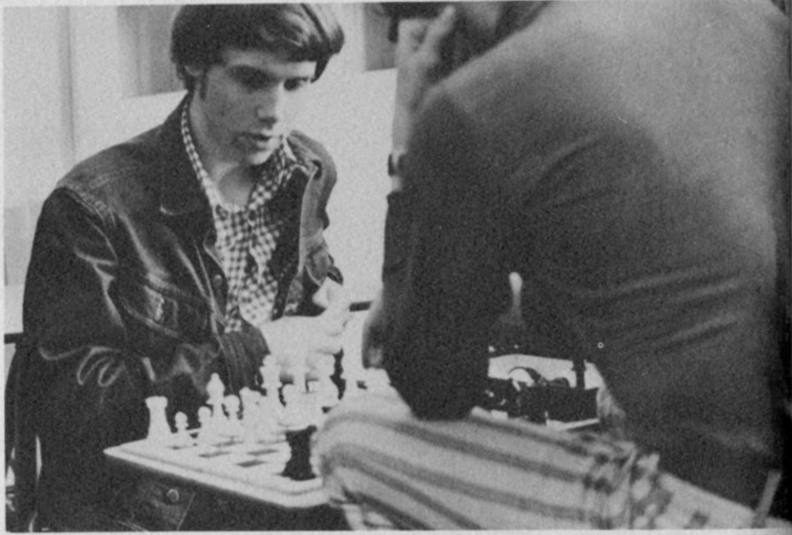
Band Proudly Represents Victoria High

With 52 members, the band is one of the most important representatives of our school. They play in music festivals and make tours to other schools. The band has the unusual ability of bringing the best out of the Vic High population at numerous assemblies. Throughout the year the band performs concerts for the public and brings the community closer to the school.

Reading Centre Assistants Help Fellow Students

Each term, interested students were selected to spend time working with students in need of extra help in areas such as reading skills, pronounciation, and vocabulary.The program was successful because it gave students a chance to see the other side as a teacher and to help their fellow students.

Chess Club Plays for Enjoyment



The Chess Club meets every lunch hour in Mr. Chell's room and anyone may come in and play a game. Vic High has traditionally had a very successful Chess Club, although the evolution of chess in city schools has been slow, it has been steady.

Prefects Organize the Masses of Students

The Prefects are responsible for attending student activities and to act as hostesses, doormen, coatchecks, ticket sellers, etc. . . This club should continue to be of service for all student activities. Any student who helps within the school is entitled to be called a prefect. The sole purpose of the club is to have some effective means to organize the mass of students when an activity such as a dance arises.

Library Club Serves Students

The Library Club is not a club in the ordinary sense of a school society. Students who join, give of themselves in the way of service to their fellow students by acting as assistant librarians at lunch time, before and after school and at other times – their studies permitting. While serving others, of course they have seen much about the library: it's facilities and the collection of where to find the materials.

Swim Team Participates with Marked Ability

The Swim Team, though small in number, competed successfully against larger teams at the Provincial Level. During the competitive season, they qualified for the finals in the City, Island and Provincial Championships achieving awards including two silver medals, two ribbons and second place in relay. Each swimmer showed great enthusiasm, participating with marked ability.

A.B.C. and D. Club Gets Involved

As of this year, the A.B.C. and Decorations clubs have combined, so maybe it should be called A.B.C. and D. club! They get involved in bake sales and various pep rallies. They are those mysterious people who enlighten our halls with posters and holiday decorations.

Audio-Visual Club Serves the School

Even though there was no photo of the audio-visual Club, we thought they deserved some recognition. The club performed audio-visual functions for teachers and students such as filming, taping and delivering equipment. It was moderately successful, although the club lacked a large membership, they had a good T.V. program and improved equipment.

MOSS-LIFE CYCLE

Photography Club has Many Functions

The Photography Club is a long established activity at Victoria High School. The sponsor this year, and for some years past, is Mr. Chan. Members take and process their own pictures, either in the school darkroom, or in their own darkrooms. They hold several picture displays during the year. However, the Photography Club serves a much more important function in supplying the pictures for the Camosun.

Cafeteria Help Feeds Students and Teachers

Every lunch hour students were greeted by the smiling faces of the cafeteria help. The only reason for these smiles was the thought of the $1.25 they would receive at the end of the hour. Many thanks must go to Dorothy, for keeping them busy.

Film Club Enjoys Movies

The film club has shown some Chaplin and other short films at noon hours which were well-attended. The members have also seen several first-run movies in town at half-price.

The Editors

Camosun Staff works hard.

Little did we know what was in store for us when we embarked on this mission, and we admit there were times when we thought we were insane to put so much time and effort into a book. But as the Camosun came to be we realized that it was not only a book but memories and that it was worth the effort.

Our thanks go to Mr. Baur, Mr. McCarron and a special thanks to Mr. Chan, without whose time, help and patience, the book would never have gotten off the ground.

We hope this book means as much to you as it does to those who created it and that it brings back memories of Vic High in the years to come.
